(01-115) The debtor (TOC Holdings, Co.), under the oversight of the Washington State Department of Ecology, is currently operating a source control measure that prevents or minimizes discharge of contaminated groundwater to Burnt Bridge Creek (Arnold Park) located at the distal portion of the hydrocarbon plume (2818 NE Cherry Road, Vancouver, WA).

The groundwater recovery and treatment system, located at 2818 NE Cherry Road, was installed in the Distal Plume Area to capture the petroleum plume and minimize or stop surface water flow at impacted groundwater seeps.

The groundwater recovery system consists of eight pumping wells (PW-1 through PW-8) and a groundwater interception trench, all of which are connected by piping to a collection vault and treatment compound.

The extracted groundwater is treated with granular activated carbon (GAC). The treated water is discharged to Burnt Bridge Creek under National Pollution Discharge Elimination System (NPDES) Permit Number WA0040967.

Failure to continue to operate the source control measure may result in discharge of contaminated groundwater to Burnt Bridge Creek and sediments downstream from the discharge.

AMEC has been prefunded to continue these services until May 16, 2017.

-----------------------------	--

**(01-817)** The debtor (TOC Holdings Co), through its environmental consultant, Hydrocon LLC, and under the oversight of the Washington State Department of Ecology (“DOE”), is currently designing a source control measure that will prevent or minimize the migration of contaminated groundwater from 712 Ave. D, Snohomish, WA to the adjoining property 714 Ave. D, Snohomish, WA and the adjacent right-of-way (note: 714 Ave D has recently received a “property-specific” No further Action Determination from DOE).

Complete site characterization (aquifer testing and remedial system design) is necessary to finish developing a comprehensive remedial strategy to address contaminated soil and groundwater at the 712 Ave. D property and to prevent the migration of contaminated groundwater to the adjacent properties (i.e. 714 Ave D) during treatment. Hydrocon, LLC has been prefunded to complete the investigative activities (recovery well and system design) necessary to complete these objectives.

**(01-400)** The debtor (TOC Holdings Co), through its environmental contractor, Hydrocon, and under the oversight of the Washington State Department of Ecology, is currently developing a source control measure that will prevent or minimize the further migration of contaminated groundwater from 804 Market St., Kirkland, WA to the adjacent right-of-ways (ROW) at the intersection of Market St. and 8<sup>th</sup> Ave., Kirkland, WA. Complete site characterization (aquifer and soil testing along with remedial system design) is necessary to develop a comprehensive remedial strategy so that the remaining Potentially Liable Parties (PLPs) can proceed with site remediation. Accordingly, Hydrocon has been prefunded to complete the site characterization investigation.

The debtor (TOC Holdings Co), under the oversight of the Oregon Department of Environmental Quality, is currently operating a source control measure that prevents or minimizes discharge of contaminated groundwater to the Portland Harbor Superfund Site. Contaminated groundwater is pumped to an on-site treatment plant. The treated water is then discharged to the City of Portland sanitary sewer. Failure to continue operation of the source control measure may result in the discharge of contaminated groundwater to Willamette River surface water and sediments within the Portland Harbor Superfund Site. Stantec has been prefunded to continue these services until May 16, 2017.

The Seattle terminal (at 2750 W Commodore Way) has a valuable Long term lease of waterway for the dock on Parcel #112503-9120 with the Washington Department of Natural Resources. The annual lease payment is \$5,000.00. The next annual lease payment is due on or before 5/31/2017 or the lease will be deemed expired. If annual payments are made the current lease term expires on 5/31/2021.

EXHIBIT TO SCHEDULE B –  
PERSONAL PROPERTY – QUESTION  
#7 – DEPOSITS AND PREPAYMENTS

## **EXHIBIT TO SCHEDULE B – PERSONAL PROPERTY – QUESTION #7**

### **Deposits and Prepayments**

The debtor is a signatory to several participation agreements associated with the resolution of environmental liabilities. Pursuant to each of these agreements, periodic assessments are made to raise funds, which are then drawn off pursuant to fund activities required by the agreements. Under each of these agreements, the terms of all of which are confidential, withdrawing participants have no right to a refund of previously assessed and paid costs.

1. Lower Willamette Group (“LWG”) Participation Agreement assessments.

At present, we believe that TOC’s share of LWG held funds is approximately \$70,000. Under the terms of the agreement, TOC is not entitled to withdraw these funds. We expect the LWG Participation Agreement to terminate some time in 2018. At that time, TOC Holdings would be entitled to a refund of any remaining funds on a proportionate basis. Currently, we estimate this may be about \$9,000; however, the LWG will not receive EPA’s final billing until approximately April 2018, and so actual refunds, if any, are unknown.

2. Portland Harbor Federal Superfund Site Participation and Common Interest (“PCI”) Agreement assessments.

In late 2016, TOC paid a \$15,500 assessment pursuant to the PCI Agreement. Funds raised through this assessment have been mostly spent; an additional assessment for \$16,200 was made on March 27. This assessment, which has not been paid, is due May 11, 2017.

3. Portland Harbor Natural Resource Trustee (“NRT”) Council Funding and Participation Agreements (“FPA”) for Portland Harbor Injury Assessment.

TOC has provided funds toward a cooperative natural resource damage under two funding agreements (Phase 2 FPA and Path C settlement process). Both agreements provide that any funding not expended by the NRTs in the cooperative assessment process would be credited against the Potentially Responsible Party’s (“PRP”\*) natural resource damage liability. Neither agreement allows for refunding of any excess funds at any time.

4. Portland Harbor Natural Resource Damage Allocation Participation Agreement.

No assessments have been made since 2011. We are unsure what, if any, funds remain.

<p>Blanket Service Contracts (w/active work orders) – environmental:</p> <p>TOC Holdings Co. has a form of Blanket Services Contract (Contract) for use with its Environmental Consultants and Contractors. The term of each Contract is for one calendar year (i.e. January through December) and may be renewed each year with the individual Consultant and/or Contractor, typically with the execution of a new Contract. The Contract does not bind either party (TOC or its Consultant/Contractor) except in the event and to the extent there is a Work Order with a specified scope of work and cost signed by both parties attached to the Contract at some point in time during the Contract's term. There are current Contracts with the below Environmental Service Providers.</p>	<p>May be renewed each year with new Contract.</p>

#25.1 – OTHER BUSINESS IN WHICH  
DEBTOR HAD AN INTEREST

**EXHIBIT TO STATEMENT OF FINANCIAL AFFAIRS, QUESTION #25.1 - OTHER BUSINESSES IN WHICH DEBTOR HAS/HAD INTEREST.**

Superior Oil Co.

TOC is the sole shareholder of its wholly owned and its only subsidiary, Superior Oil Co. (“Superior”). Although Superior is still officially an “Active” Washington Corporation, Superior is effectively inactive and has been so ever since 1999, when it sold its only asset, Superior Terminal (250 East D Street Tacoma, WA) to Shore Terminals L.L.C. (“Shore”). Shore assumed and gave Superior an indemnity from and against, Superior’s environmental liabilities. Superior has not been dissolved only because it remains a party to a Consent Decree in the matter of State of Washington, Department of Ecology, Plaintiff v. Phillips Petroleum Company; Shore Terminals, L.L.C.; Gull Industries, Inc.; and Texaco Inc. and Superior Oil Company (sic), Defendants, Pierce County Washington Superior Court Cause No. 012130752. Superior has no employees. Superior’s only current asset is Wells Fargo Account No. 4159656735 with a 3/31/17 balance of \$2,506.69. Superior’s only known potential debt is any contingent, unliquidated liability should Shore (or its successors and assigns, if any) fail to perform under Shore’s assumption of and indemnity for Superior’s environmental liabilities – the only known such liability being should Shore (or its successors and assigns, if any) fail to perform the obligations under the Consent Decree, jointly with the Consent Decree’s Co-Defendants. Neither Superior nor TOC have any knowledge of any such failure to perform.
